By appointment only

Treatment options and fees (per person):

EXPRESS TREATMENT

FEE: \$140 with Medi-Cal \$79

This option is designed for those who want the professional heated-air treatment but are more budget-minded and feel they can handle the comb-out procedure themselves. We do a complete and thorough treatment using the AirAllé device to kill the lice and their eggs and apply a dimethicone rinse. The remainder of the process, including the comb-out is completed at home.

Since the ultimate success of this option depends on how well the comb-out is performed, we don't guarantee this option.

AIRALLÉ[®] SIGNATURE TREATMENT

FEE: \$185

This is a premium AirAllé treatment using our exclusive, FDA-cleared medical device. We do a 30-minute heated-air treatment followed by a professional comb-out. We finish the treatment with an application of a specially formulated topical rinse. Treatments can take as little as an hour, depending on the length of the hair. **If you choose this treatment option, we guarantee you will leave our clinic lice-free.**

No need for more appointments or follow ups. No hidden fees.

We are so confident in our exclusive, full-service treatment that we guarantee it. **As long as each individual in the household is screened then this full service treatment is 100% guaranteed.**
