

North Monterey County Middle School

7th Grade Math Syllabus

Instructor-

Karin Hinderer

karin_hinderer@nmcusd.org

Room 14

Curriculum -

Houghton Mifflin Harcourt GO Math! Workbook Grade 7
Every student will have a GoMath workbook that will stay at school.

Online Resources -

Let's Go Learn

www.letsgolearn.com

Students have online accounts that will be used to assess their math knowledge and build upon gaps within that knowledge.

Course Description-

The 7th grade math class is designed to continue to build students' mathematical minds and prepare them for Math 8. We will be covering 4 critical areas throughout the year:

- Rational Number Operations
- Ratios and Proportional Relationships
- Expressions and Equations
- Geometry and Simple Probability

Communication-

Students: The best way to communicate with me is to talk in-person. I'm always willing to help!

Parents: Download the Synergy App. I will use messaging on Synergy to send out class announcements and discuss each student's class progress.

Daily Supplies-

Pencils

Math Notebook (Ms. Hinderer will give you this!)

*If you need help getting supplies for math class or any other class, please see me 😊

Preparation for Class-

Students are required to bring their materials and a willingness to learn every day. Perseverance is essential for success in math. You will make mistakes. The most important part is to learn from our mistakes.

North Monterey County Middle School

7th Grade Math Syllabus

Classwork/Homework-

- Homework will be given only if classwork is not completed in class. There will always be time at the end of class to start assignments. This is an important time to ask questions and get help if needed!
- All work must be shown in order to get full credit.**
- Work completed on paper must be done in pencil.

Late Work-

- Work turned in late may lose points. Late work can **always** be turned in for some points. Some points are better than none!

Missed Work-

- It is **the student's** responsibility to obtain the homework assignments, notes & any other important information that is missed during an absence.

| Grading Standards- | Grading Scale- | Grading Policy- | | | | |
|---|---|---------------------------|-----|-----------------------------|-----|---|
| A = 90 - 100 % B = 80 - 89 % C = 70 - 79 % D = 60 - 69 % F = 0 - 59 % | <table border="1"> <tr> <td>Assessments / Projects</td> <td>75%</td> </tr> <tr> <td>Homework / Participation</td> <td>25%</td> </tr> </table> | Assessments / Projects | 75% | Homework / Participation | 25% | <ul style="list-style-type: none"> For full credit, work is to be submitted complete and on time. Assessments can always be retaken to improve your grade. Your grade can always be improved if you're willing to work for it. |
| Assessments / Projects | 75% | | | | | |
| Homework / Participation | 25% | | | | | |
