2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Central Bay High School is a continuation high school that is designed for students who are 16 years of age and older that are at risk of not receiving a high school diploma due to lack of credits and/or attendance issues. Central Bay High School is accredited by the Western Association of Schools and Colleges Accrediting Commission (WASC). We offer courses that are A-G approved by the University of California. These courses are required for entrance to the University of California and the California State University systems. At Central Bay, we believe it is our role to help students become productive citizens who will contribute positively to their communities.

Central Bay staff are fully committed and focused on our main objective which is to prepare all students for graduation by providing our students with a comprehensive support program. We offer a standards based instructional program, intervention courses to support literacy and mathematical understanding, mental health counseling, academic counseling, and career and vocational guidance as an integral part of our program.

Our Mission: Central Bay High School provides a comfortable and safe environment that provides support services and course work for our students in order for them to graduate from high school and acquire the confidence and skills necessary for their futures as productive citizens, employees, and parents. Our philosophy, as noted in our School Discipline Plan, is to respond proactively to managing student behaviors through use of positive behavior supports (PBS), which recognizes the broad set of relevant variables that can affect a person's behavior (Kennedy, et al., 2001). Behavior is not perceived as existing solely within the individual, but is viewed as an interaction between the environment and the child (Jackson & Panyan, 2002).

CBHS is a Professional Learning Community (PLC). The teachers, counselors and principal meet weekly as a Multi-Tiered System of Supports (MTSS) Team to discuss individual needs of students, review student data and create action plans to address specific needs. During our weekly early release day, we meet to review data, receive training and develop strategies that will improve our instructional program.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Central Bay High School was constructed in 1993. Since then, new construction and building improvements have occurred to further improve the campus. Central Bay High School offers students the facilities necessary to provide an exemplary education. The school also includes adequate equipment and space for safe recreational activities during P.E., lunch and break. The school is cleaned and maintained each day by a custodial staff person.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 Career Technical Education Programs

Career Technical Education (CTE) programs are not offered at Central Bay High School (CBHS). Students have the option to participate in CTE courses offered on the North Monterey County High School (NMCHS) campus. Students that have an identified career interest that is aligned with a CTE pathway offered at NMCHS are identified and invited to participate in this program. Transportation is provided from the CBHS campus to the NMCHS campus. (See list of courses offered below)

North Monterey County High School Career Technical Education Pathways provide relevant academic and technical coursework leading to industry-recognized credentials and helps students compete for college and careers. The following are Industry Sectors and Pathways available to NMCUSD high school students:

Health Science and Medical Technology Industry Sector
Patient Care Pathway

Hospitality, Tourism, and Recreation Industry Sector
Food Service and Hospitality Pathway

Public Service Industry Sector
Protective Services Pathway

Engineering and Design Industry Sector
Architectural and Structural Engineering Pathway

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

There are many ways to become involved at Central Bay High School. Parents can participate in our School Site Council, English Language Learner Advisory Committee, and our Safety Committee. These meetings help form the decisions made for our school. Another great time to see the school in action is to attend our Fall Back to School Night and our Spring Open House Night. These events are offered each year. These take place in the evening and are a place where teachers, parents, students and community members can discuss and collaborate on key issues involving the educational needs of our students. For more information, please contact our administration office at (831) 663-2997.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	5.95	0.00	4.08	0.02	3.47	0.20
Expulsions	0.00	0.00	0.06	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The staff at Central Bay High School work to provide a safe learning environment for all students. It is our goal to promote respect and responsibility among the Central Bay High School student body through expected student behaviors that result in promoting a safe, caring, and enriching academic learning community. The School Safety Plan is based on an assessment of the current safety status of our school utilizing data from the CA Healthy Kids Annual Survey, Average Daily Attendance report, School Based Mental Health Counseling report and the CALPADS Data Report for Suspensions and Expulsions. An analysis of these data determine areas of need and development of goals for the year.

Our staff participate in an annual Emergency Response training and Emergency drills are scheduled throughout the year. Two campus supervisors provide supervision throughout the school day. Our School Based Mental Health counselor provides counseling services to our students that are preventive and that develop student's social-emotional health. The principal meets with staff regularly as a Multi-Tiered System of Support Team (MTSS) to review student progress and to collaborate and address concerns. During these MTSS meetings, student data is reviewed, concerns are identified, and intervention action plans are developed to address student needs.

Our comprehensive school safety plan is developed with faculty, student and parent representatives and is approved annually by our School Site Council in February. The components of the plan include Safety Plan Policies and Procedures, a standardized Emergency Response plan, and a Disaster Plan.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
